PROFESSIONAL SUMMARY

Computer Science (Cyber Security) graduate with strong academic performance and certified expertise in cybersecurity. Recently achieved the TryHackMe Security Analyst Level 1 (SAL1) professional certificate and CompTIA Security+, demonstrating hands-on proficiency in SOC operations, threat analysis, and incident response. Currently pursuing the ISC2 Systems Security Certified Practitioner (SSCP) certification to further strengthen technical and operational security competencies.

Practical experience includes security operations, SIEM monitoring (Splunk), log and network analysis, and incident triage, developed through structured labs, certifications, and real-world simulations (TryHackMe, Google Cybersecurity Certificate). Additional background in full-stack development supports a well-rounded technical foundation.

Passionate about roles in SOC operations, threat analysis, and investigative cybersecurity. Recognised for adaptability, leadership, and a commitment to continuous learning. Actively seeking opportunities as a Cybersecurity Analyst, SOC Analyst, or Threat Intelligence Analyst.
